

## Move-Out Kits

Every year, Siloam Mission shelters hundreds of individuals, serves a million cups of coffee, and helps many individuals transition into housing. Those transitions can be challenging.

Move-Out Kits are an easy way to help our community members as they transition to greater independence. The Kits are a collection of basic household items that equip someone moving to their own place.

Together, we are donating a Move-Out Kit to someone in need. Sign up for the new or gently used item you'd like to donate below. When you bring it in, check it off. Once the Kit is complete, the organizer will bring it to Siloam Mission's donation centre at 309 Logan Ave (door on Stanley).
